# Preliminary Information

## PIP5821 M1L Transmission Filter Investigation

Models

Brand:	Model:	Model Years:	VIN:		Engine:	Transmissions:
			from	to		
Chevrolet	Corvette	2020 - 2021	All	All	LT2	M1L

Involved Region or Country	U.S. Only
Condition	7500 mile maintenance transmission cartridge filter replacement
Cause	Engineering is attempting to get filters returned for inspection.

If the vehicle comes in for the first scheduled maintenance at 7500 miles or within the first year of ownership for this maintenance, please carefully remove the filter and do not drain the filter by turning upside down.

Do not allow filter to contact foreign surface (oil drain pan) before placing into the bag.

Double bag the cartridge filter from the transmission.

Tag it with vin and mileage.

Once the claim is paid using labor operation 0600723 that will generate a parts return request so the filter can be returned to the warranty parts center.
